

Shareholder Memorandum

Date: December 4, 2020
From: Janice Wing, President - Board Chair and Mike Olesen, CEO
Subject: Shareholder Communications
Document #: 2020-000

Greetings all Shareholders and fellow Westerners:

The Westerner Park Board and management are endeavoring on a more deliberate effort to communicate regularly with you as our key stakeholder. In order to do this, we are adopting two simple format changes, which are:

1. Establishing a monthly e-newsletter that will focus on the casual and event related updates that are occurring on our grounds. We will also use this as a chance to share key event updates and interesting stories involving Westerners.
2. We will use a memorandum structure to communicate more formal updates and key developments happening within our organization. These will be clearly titled and sequenced so that they may be easily referenced in the future if one desires.

In the interests of time, we will utilize electronic mail to have these circulated to you moving forward. Shareholders that have their email on file are already subscribed. If you would like to subscribe, please [click here](#). For your convenience and future references, we have created a specific page on our website for "Shareholder Communications" where each specific newsletter and memorandum will be posted. westernerpark.ca/shareholders

We encourage you to keep an eye out for our regular email updates and to refer to our website as often as you need.

Thank you,

Janice Wing, President & Board Chair - Mike Olesen, CEO
